DID YOU KNOW?

- 1 in 6 residents in Mission were living below the low-income cut-off (LICO) after tax in 2021.
- 1 in 4 families in Mission are living on less than a modest standard of income (MICO)
- Most people in the range between LICO & MICO experience working poverty/vulnerability. They are employed, do not qualify for social supports; are highly sensitive to rent, food, and childcare costs.
- Over one-third of economically vulnerable children are invisible in official poverty counts because they live between LICO and MICO.

• Based on statistics reported in Housing Needs Assessment Report for City of Mission (Dec 2025)

MCSS Christmas Bureau is committed to ensuring a joyous holiday season for all Mission residents regardless of their financial circumstances. We understand the importance of creating cherished memories during this time of year, especially for families facing financial challenges.

Our goal is to provide essential holiday assistance that includes toys and gifts for children and grocery cards so families are able to enjoy those memory making holiday meals together.

Thank you guys immensely I really needed the help this year as I was off work due to injuries. I really appreciate everything you guys have done for my family. Every little bit helps. If there would be anything I could offer as feedback would only be that there wasn't much for older kids. But I am absolutely not complaining about that at all. Again thank you and hope you and all-our families had a wonderful Christmas and New Year

Hi, I've been using the toy bank and the food program through Mission Community Services for the past few years. I've had such a positive experience with their generosity, and all the staff are genuinely polite and helpful. I wouldn't have been able to have such a wonderful Christmas with my children if it wasn't for the kindness and dedication from everyone ❤️ thank you. You are very appreciated
Merry Christmas and a happy new year 🎉
